**Environmental Policy v2.4**

# Renewable Energy Policy

## Dixie Dye & Chemical, Inc.

Dixie Dye & Chemical, Inc. is committed to the achievement of outstanding environmental performance and sustainability.

We are striving to ensure every aspect of our business incorporates the principles of sustainability. This means we will strive for sustainability throughout our manufacturing process.

Dixie Dye & Chemical recognizes that managing the environmental impact of operations is essential. We will respect the planet's resources, take a precautionary and polluter pays approach to preserve the environment for future generation and incentivise resource efficiency.

Dixie Dye & Chemical makes the following commitments both in respect of its own activities and, where appropriate, in its influence over the wider community:

1. To reduce our demand for natural resources and energy, to improve efficiency and to increase reliance on greener and renewable energy sources
2. To seek to minimize waste produced, to recycle and to support the implementation of the Zero Waste Strategy
3. To continuously improve the sustainable management of our plants
4. To be mindful of the impacts of climate change of the delivery of our services and increase the resilience of our services to impacts such as flooding and heatwaves
5. To prevent environmental harm or pollution incidents at all sites by ensuring our working practices comply with all relevant legislation
6. To ensure that all staff are aware of our environmental standards and shared responsibilities and encourage improvement in our supply chains and partnership networks
7. To maintain continuous improvement by reviewing corporate policies and strategies to ensure integration of sustainable development principles and practices

To meet the commitments, Dixie Dye & Chemical will:

- Use this policy as a framework for setting objectives and targets for environmental improvement
- Operate a procurement and contracting policy that conforms to these objectives
- Operate effective management of environmental impacts
- Communicate the requirements of this policy to all employees, suppliers and partners
- Make this policy publicly available and keep the public informed of its environmental performance
